LEARNING BARGE ON WHEELS

ABOUT

Our Learning Barge on Wheels has delivered river science and outdoor activities to over 2,000 students across Hampton Roads in the form of a mobile van. Outdoors, students learn about renewable energy, the value of wetlands, perform real water monitoring tests, and get an up-close view of aquatic animals in the form of aquariums and touch tanks. A large driveway or parking lot is required.

SCHEDULING

Fill out field trip request form on our website: elizabethriver.org/the-learning-barge/. Flexible scheduling. 15 student maximum per program. Recommended for ages 6+.

CURRENTLY BOOKING: Spring 2023 (April-June)

COVID INFO

Participants will monitor their own health prior to participating in any ERP event or activity. If any signs or symptoms related to COVI-19 infection are present, the individual cannot participate in the program.

PRICING

\$275 for 1-hour program, \$150 for each additional program
Please contact Summer Mace for financial assistance.
